Dr. Robert N. Sawyer, Jr. M.D., FAHA is an Associate Clinical Professor and Vice Chair for Clinical Affairs, Department of Neurology/UBMD Neurology at the University at Buffalo Jacobs School of Medicine and Biological Sciences. He is Co-Director of Gates Stroke Center and Kaleida Health Hospitals. Prior to his current appointment, Dr. Sawyer has served as the head of the Department of Neurology and program director for Advanced Cardiac Life Support at the Naval Medical Center in Portsmouth, VA. Dr. Sawyer retired as a captain in the US Navy after 30 years of service. He received his M.D. from Case Western Reserve University. While in the Navy, Dr. Sawyer completed a fellowship at the Undersea Medical Officer School, Naval Undersea Medical Institute in New London, CT. Dr. Sawyer has received several awards from the US Navy as well as the Royal Navy of the United Kingdom where he was a US Exchange Officer. In his current role, Dr. Sawyer leads the comprehensive stroke initiatives in the Kaleida Health systems.
